Comprehensive support – epruf app

After receiving medical advice the insured should not be left without assistance.

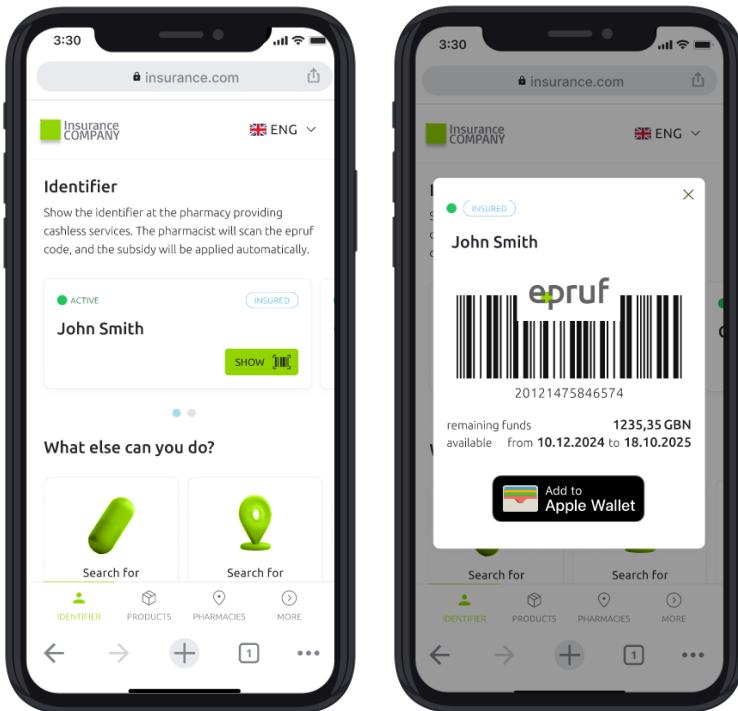

Take care of them by providing services that make their treatment more effective, convenient, and safe – with our convenient app.

After consulting a doctor and receiving a prescription, the insured will pay less for medicines. By using the epruf app, they will gain a sense of security and comfort in treatment – all thanks to **medication insurance**.

Application integrating services

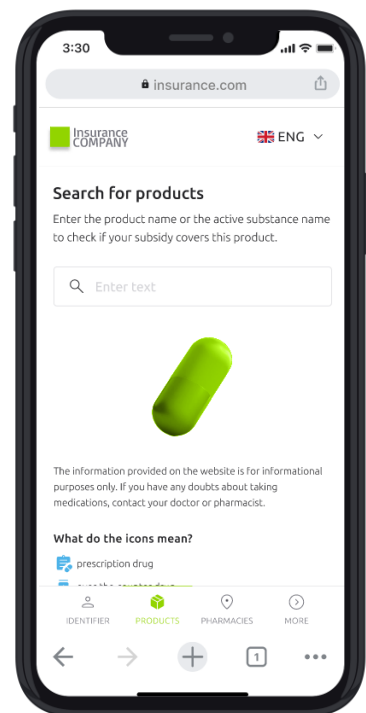

After signing the contract, the insured will be able to use the application, which will become their companion in treatment, always available at hand.

The application's functionalities include, among others:

- cashless handling of transactions under medication insurance at pharmacies cooperating with epruf, allowing the insured to avoid using their own funds
- the ability to create a main insured profile as well as profiles for **co-insured individuals**

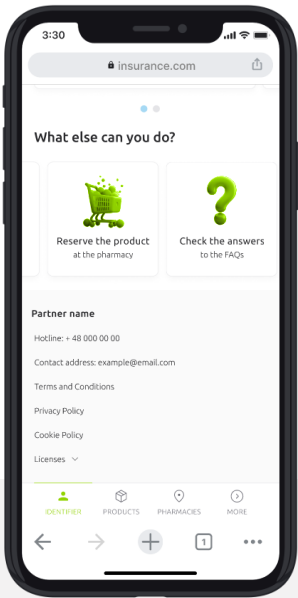

- **online ordering** of medicines to the pharmacy
- **medicine search engine** with the ability to check the range of medications covered by the subsidy
- **pharmacy finder** to find the nearest pharmacy where they can redeem the benefit cashlessly.

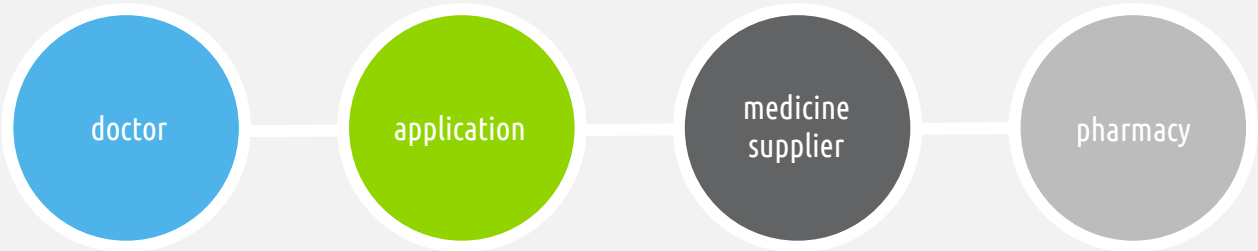

Online ordering of medicines to the pharmacy

After a medical consultation, the insured can order prescribed medicines for pickup at a pharmacy cooperating with epruf.

The insured gains access to an online medicine ordering system.

How does it work?

Consultation

The insured receives an e-prescription.

Order

The insured selects medicines and a pickup pharmacy in the application. They place the order.

Delivery

The order is sent to the selected pharmacy. The insured is informed via SMS.

Pickup

The insured collects the ordered products at the selected pharmacy.

Pickup of ordered medicines is possible at over 1,900 pharmacies across Poland.

Thank you for your attention!

Let's stay in touch.
